

🎯 FOCUS & CHALLENGE

Which equality, diversity or non-discrimination challenge in your context will the lab address?

👤 CORE TEAM & ROLES

Who leads the lab, and who is responsible for what?

📋 OBJECTIVES

Set 2–3 clear, measurable goals for the lab.

👥 TARGET GROUPS

Who will take part in, or benefit from, the lab?

📖 ECOSYSTEM MAP

Key stakeholders — public institutions, civil society, business, community — and the gaps.

📅 ACTIVITIES & TIMELINE

What happens, and when, across your cycle?

📦 RESOURCES & GAPS

People, budget and institutional support you have — or still need.

🛡️ ETHICS

Consent, inclusion, data protection and power balance.

👥 PEOPLE TO INVOLVE

Which students, staff and external partners will co-create with you?

💡 SOLUTIONS TO PROTOTYPE

The solutions your lab will brainstorm, prototype and test.

🌱 SUSTAINABILITY

Which solution(s) continue after the project — and how?

📢 DISSEMINATION

How you will share results and reach a wider audience.
