

AREA & LENS

Which place will you walk, and through which lens — safety, accessibility, representation?

ROUTE

The path you will take and the key stops.

TEAMS & ROLES

Small mixed teams; who photographs, notes and keeps time.

WHAT FEELS SAFE

Where do people feel safe or unsafe — and why?

WHAT'S ACCESSIBLE

Where is the space easy or hard to move through and use?

WHO IS REPRESENTED

Whose names, images and needs are visible in the space — and whose are missing?

ON THE MAP

How you will code and cluster observations on a shared map.

THE DIAGNOSIS

What pattern of bias does the space reveal?

ASK & ACT

What would make it more inclusive — and who can you ask?
